تحت رعاية

أ.د/ كمال عكاشة

نائب رئيس الجامعة للدراسات العليا والبحوث

تعلن

وحدة تطوير البحث العلمي بجامعة طنطا

عن ورشة عمل

# Clarivate Analytics SOLUTIONS

# WEB OF SCIENCE

يحاضرها

أ.د/ علي سليمان

مدير الوحدة

يوم الأربعاء الموافق 2020/1/15

بقاعة (105) بالدور الأرضي بمبنى التطوير

في تمام الساعة 10 صباحًا

**أهداف الورشة**

- كيفية إنشاء حساب على الموقع
- تصنيف المجلات حسب التخصصات العلمية
- تقييم المجلات العلمية
- التعرف على نظام توزيع المجلات Q1-Q4

وعلى من يرغب في الالتحاق بالورشة سرعة التسجيل من خلال النموذج الإلكتروني المرفق

# Clarivate Analytics

## Solutions

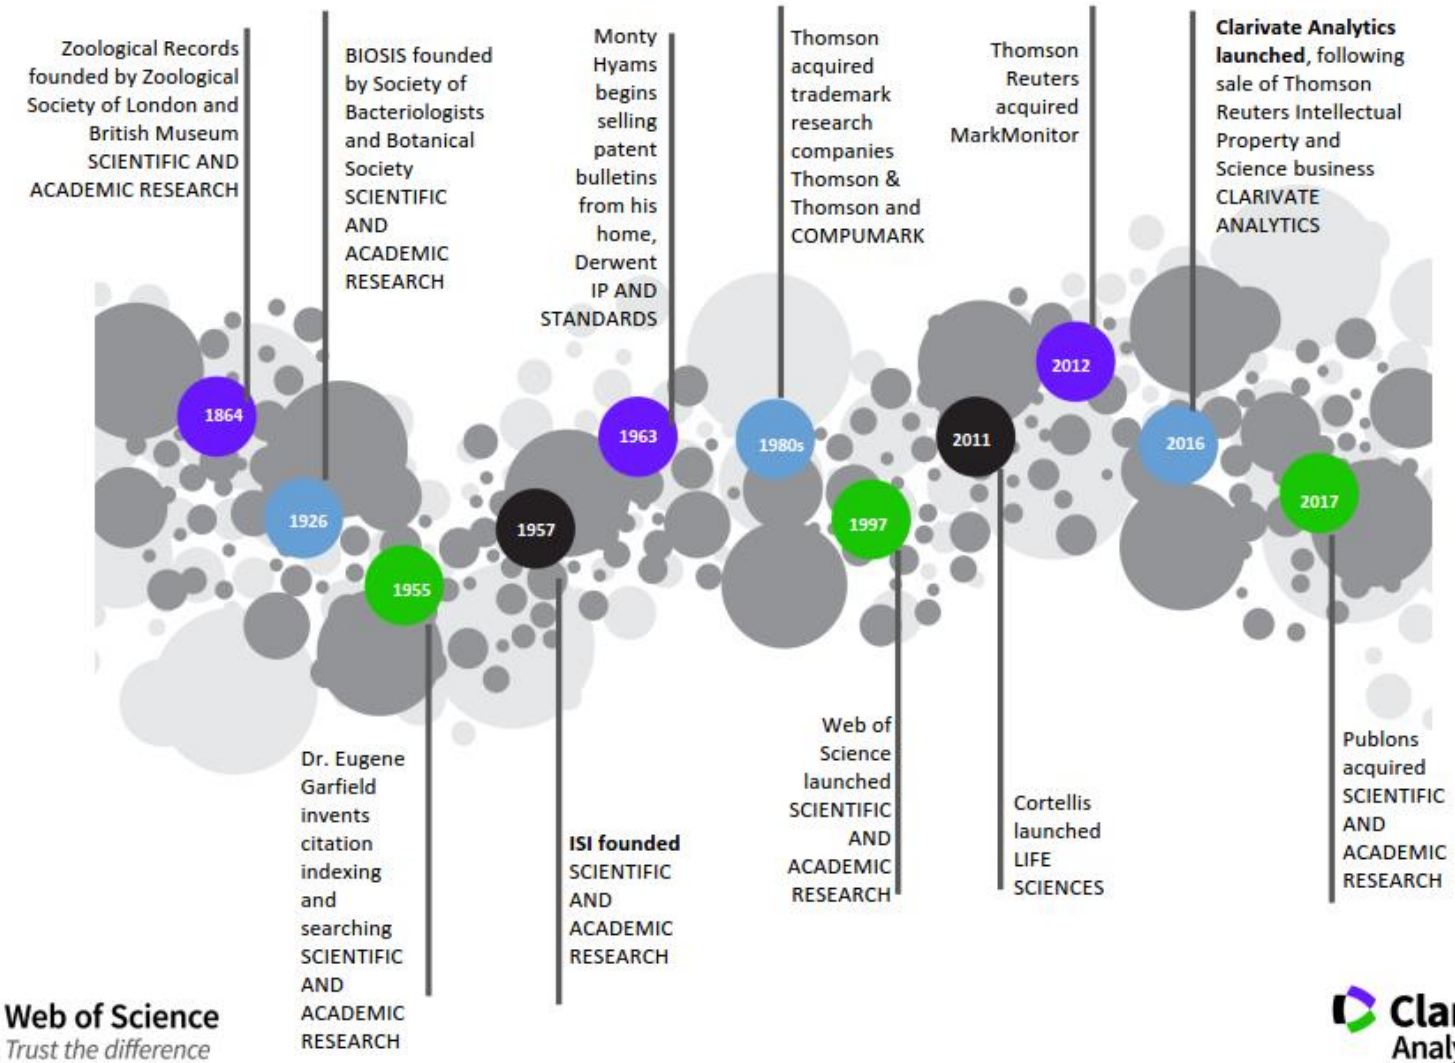
Clarivate, Dr. Ali Soliman, 15 Jan. 2020

## After these sessions, we will be able to

- Know how Journals, Books and Conference Proceedings are indexed in the Web of Science- **Selection process**
- **Discover** tseretni fo aera ot tnaveler tsom hcraeser ytilauq-hgih eht
- Identify **leading researchers, institutions and journals in a field of research**
- Analyze and **identify existing and potential collaborators**
- **Identify funders** that have supported scientific projects in a field of research
- **Explore the connections** with citation indexing
- Capture citation activity with **citation reports**
- Stay up-to date with alerts: **Citation ،Search alerts**
- Know how **Kopernio** ssecca elcitra evorpmi spleh

# More than a century and a half of trusted insights



Web of Science
*Trust the difference*

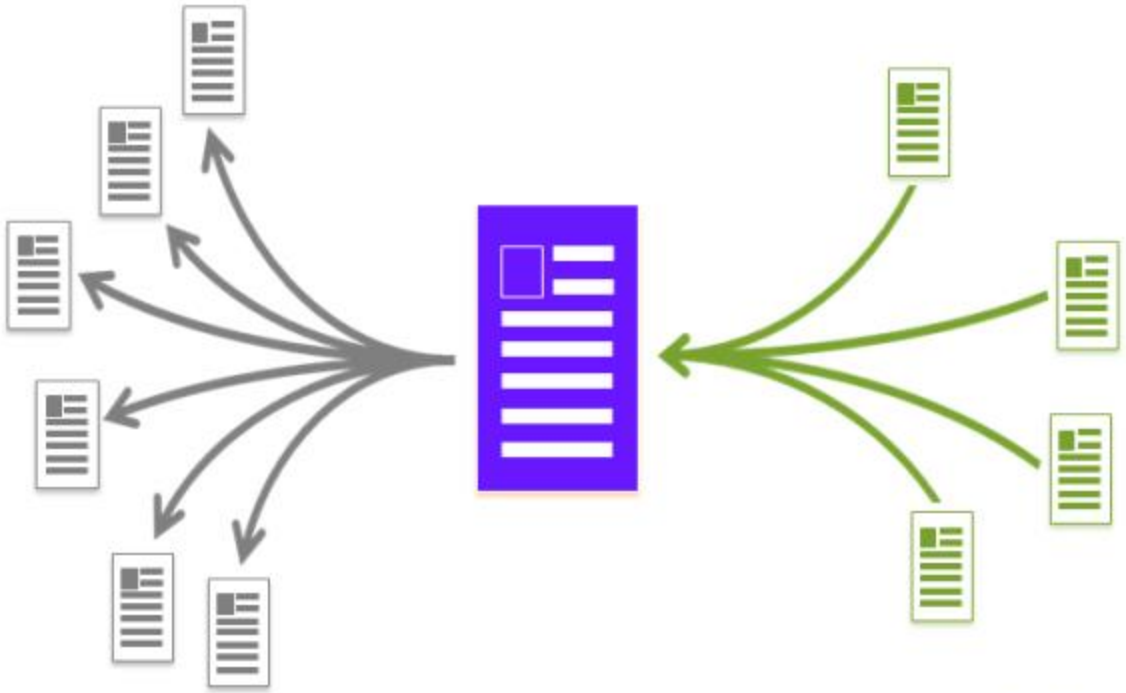
Clarivate Analytics

# Eugene Garfield's "Association of ideas Index"

Dr Eugene Garfield

**1955**

**Searchable & Navigable**

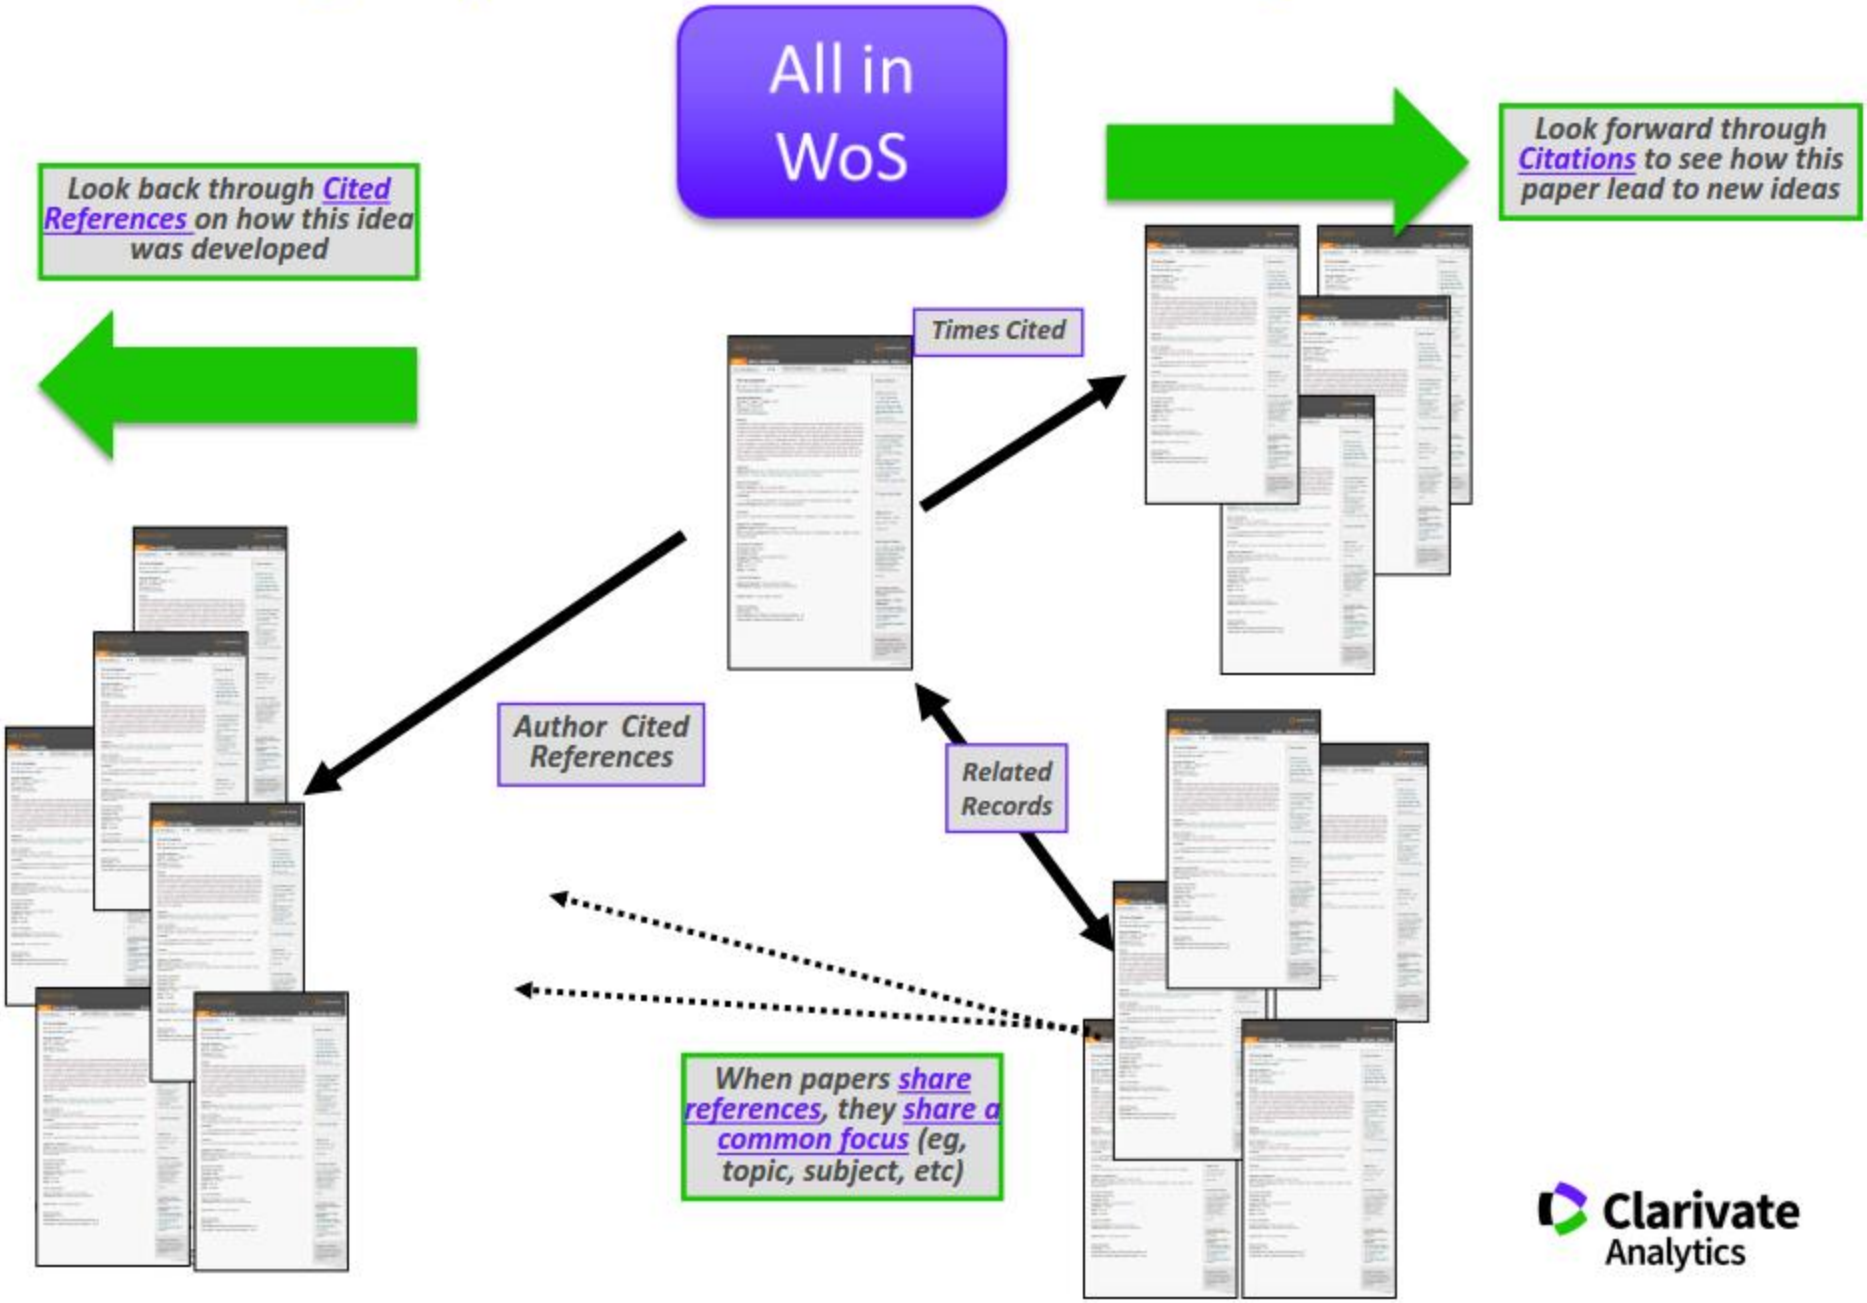


*sources which the paper was **citing***

*sources which **cited** the paper*

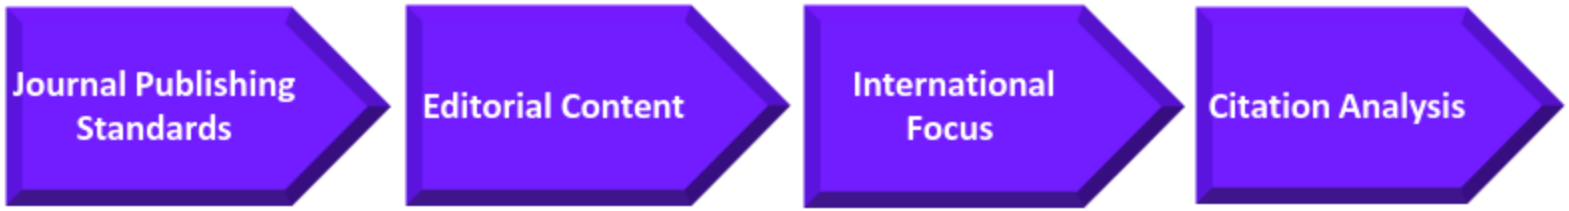
Citations symbolize the association of scientific ideas
The **MOST IMPORTANT** thing we index **cited references**

# Citation linkages help us find related materials efficiently



Clarivate Analytics

# Journal Selection Process



- Peer review
- Ethical publishing practices
- Meets technical requirements (XML / PDF)
- English-language bibliographic information
- Timeliness of publication*

** Evaluated after selection*

- International editorial conventions

- Scholarly community recommendation or demonstrated interest
- Will this journal enrich WoS with novel content?
- How does this journal compare with covered journals of similar scope?
- Is this subject already well covered?

- Does this journal target an international audience or specifically a regional audience?
- Is international representation among authors and board members at an appropriate level for such a journal**?**

- Total citations
- Recent citation activity
- Author and editorial board members' citations in the literature
- Integration of the journal into the literature over time

## Master Journal List: http://mjl.clarivate.com/

# Web of Science

**Demonstrate how you can use the Web of Science to:**

- Conduct a **topic search** to discover published literature related to your target topic
- **Build a profile** on your topic to identify trends, top producers, experts, open access content and funding sources
- **Prioritize research** using paper performance indicators
- Study the background of a research paper and explore its impact using the **Citation Network**
- Go beyond the limitations of keyword searching with **Related Records**
- **Combine** highly quality literature with regional and specialist content with All Database searching
- Build a **super record** in order to add expert information

**Clarivate Analytics launched**, following sale of Thomson Reuters Intellectual Property and Science business

CLARIVATE ANALYTICS

**2016**

**2012**

Thomson Reuters acquired

MarkMonitor

**1997**

Web of Science launched

SCIENTIFIC AND ACADEMIC RESEARCH

# Web of Science Core Collection and Platform ("Citation Connection")

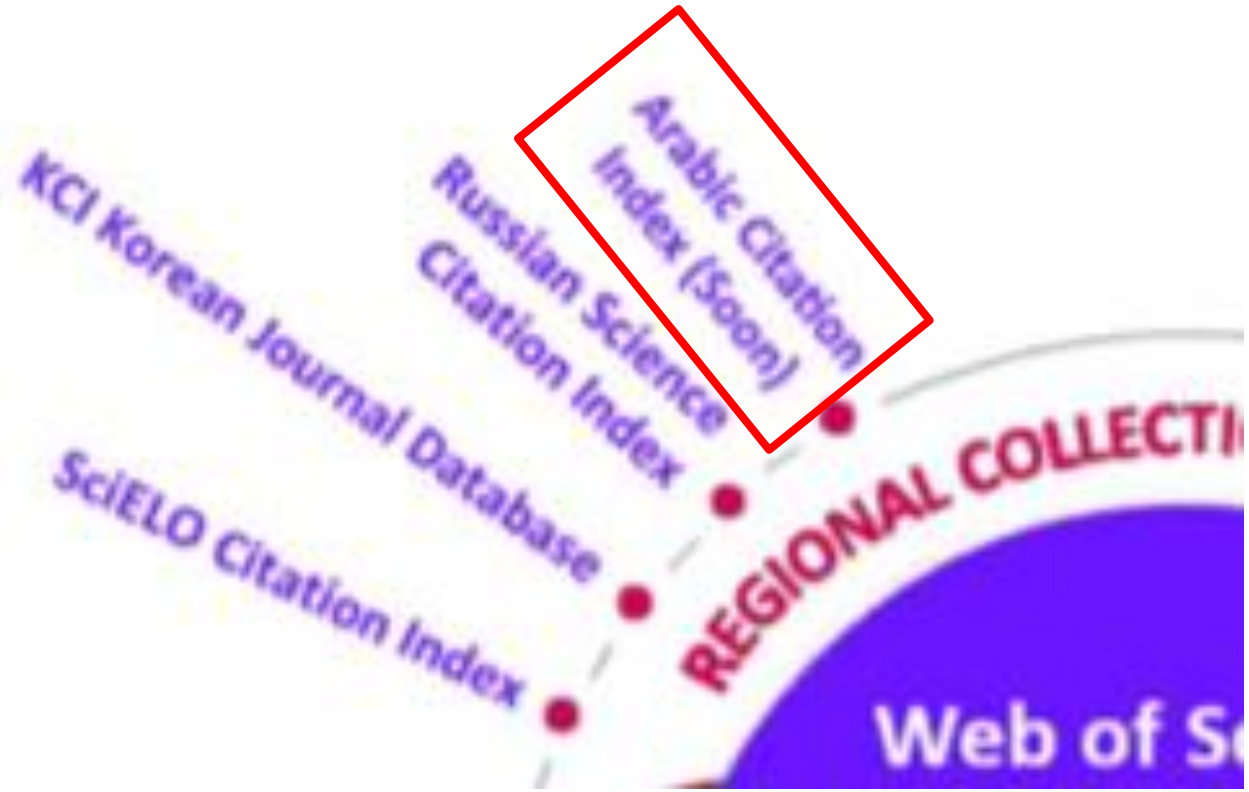
- 34,200+ journals*
- 205,000+ conferences
- 104,500+ books
- Over 80 million patent documents from 52 patent-issuing authorities
- Over 7 million data studies and data sets from 341 repositories
- 224 regions
- 254 Web of Science categories

- **Other available databases: CABI, Chinese Science Citation Database,**
- **Food Science and Technology Abstracts and Inspec.**

* Full platform count including hosted content

Web of Science Group

# Web of Science Core C



Clarivate, Dr. Ali Soliman, 15 Jan. 2020

## What makes Web of Science Core Collection unique? 12

**Independent and Unbiased** – our editorial team works full-time on evaluations with no other professional commitments or conflicts of interest. The journal selection process is publisher neutral

**Multidisciplinary** – covers everything from folklore to robotics.

**Comprehensive international coverage** – editors review and capture the world's influential science and social science literature- indexes journals published in **over 45 languages**

**Influential** – it is not our intention to index every single journal ever published in the world

**Cover to cover** – covers every single paper

**Coverage back to 1900** – coverage of older literature, and deeper citation indexing

**Citations connect ideas** – powerful bibliographic and cited reference search capabilities with the benefits of cited reference linking and navigation

**Related records and KeyWords plus** – our algorithm analyzes the titles of cited references to identify words and phrases that occur with significant frequency

**Organization enhanced** – unification of over 12,000+ institutions

**Funding data** – captured 2008-forwards
