The screenshot shows a web browser window displaying the ProQuest website. The search query is "Management Accounting", which has yielded 361,513 results. The interface includes a search bar, filters for "Full text" and "Doctoral dissertations only", and options to "Modify search", "Recent searches", and "Save search/alert". A sidebar on the left allows for narrowing results by "Relevance", "Full text", and "Publication date" (1888-2019). The main content area lists search results, with the first one being "Research on implementation and application of management accounting in china cinda asset management corporation" by Wang, Xin, published in 2008. The second result is "A research on chinese accounting information system based on business process management perspective".

This screenshot shows the same ProQuest search results page but with additional filters applied. A "Bar chart" is visible at the top left, and a "Filter" sidebar on the left includes sections for "Enter a date range", "Subject", "Index term (keyword)", "University/institution", "University/institution location", and "Language". The search results list is updated, showing three items. The third result is "Management accounting: lack of information disclosure of public enterprises and its orientation...relationship between management accounting information (mai) disclosure and share price fluctuation" by A. Mai De, published in 2010. The fourth result is "Investigation and research of management accounting's applied present condition in china" by Li Hong Xia Li Gong Xia, published in 2008. The fifth result is "Csg studies of integrated accounting system" by Ning, Xiao Long, published in 2011.

The screenshot shows a web browser window displaying search results for 'management accounting' on the Egyptian Knowledge Bank (EKB) platform. The page includes a sidebar with filters for 'Subject' and 'University/institution', a date range filter, and a list of search results. The first result is a dissertation by Tang, Si Xin, titled 'A research on chinese accounting information system based on business process management perspective'. The second result is by A. Mai De, titled 'Management accounting, lack of information disclosure of public enterprises and its orientation...'. The third result is by Li, Hong Xia, titled 'Investigation and research of management accounting's applied present condition in china'.

The browser taskbar at the bottom shows the Windows Start button, a "Browse - ProQuest Di..." window, and a "Microsoft PowerPoint ..." window. The system tray shows the time as 1:28 PM.

The screenshot shows the "About ProQuest Dissertations & Theses Global" page. The browser address bar displays the URL: `mpibci.eib.eg/MuseProxyID=1105/MuseSessionID=08117um5/MuseProtocol=https/MuseHost=search.p`. The page title is "ProQuest Dissertations & Theses Global". Below the title, there are navigation links for "Basic Search", "Advanced Search", "Browse", and "About". The main content area is titled "About ProQuest Dissertations & Theses Global" and contains the following text:

ProQuest Dissertations and Theses: Global (PQDTGlobal) is the world's most comprehensive collection of full-text dissertations and theses. As the official digital dissertations archive for the Library of Congress and as the database of record for graduate research, PQDTGlobal includes millions of searchable citations to dissertations and theses from 1861 to the present day together with over a million full-text dissertations that are available for download in PDF format. Over 2.1 million titles are available for purchase as printed copies. The database offers full text for most of the dissertations added since 1997 and strong retrospective full-text coverage for older graduate works. It also includes PQDT UK & Ireland content.

More than 70,000 new full-text dissertations and theses are added to the database each year through dissertations publishing partnerships with 700 leading academic institutions worldwide, and collaborative retrospective digitization of dissertations. Full-text dissertations are archived as submitted by the degree-granting institution. Some will be native PDF, some PDF image.

Each dissertation published since July, 1980 includes a 350-word abstract written by the author. Master's theses published since 1988 include 150-word abstracts. Simple bibliographic citations are available for dissertations dating from 1637. Where available, PQDTGlobal provides 24-page previews of dissertations and theses.

Subject coverage

- Business and Economics
- Medical Sciences
- Science
- Technology

The browser taskbar at the bottom shows the Windows Start button, a "ProQuest Dissertatio..." window, and a "Microsoft PowerPoint ..." window. The system tray shows the time as 1:29 PM.
